

What happens after I'M PRESCRIBED BIMZELX® (bimekizumab-bkzx)?

The process for receiving a specialty medication such as BIMZELX is more complex than over-the-counter medications. Here are some key points to help you understand what to expect next:

STEP 1

INSURANCE/BENEFITS INVESTIGATION

- One of the first steps is getting approval from your insurance company. This process, known as **prior authorization**, ensures that your treatment is covered by your insurance plan. This is typically handled by your provider's office. It can take some time, as it involves paperwork and sometimes requires additional information from your doctor.
- To help reduce process delays, make sure to **respond to calls** from your doctor's office, Specialty Pharmacy, and the BIMZELX Navigate® team.
- After you complete the Patient Enrollment Form, including the patient HIPAA authorization, **a BIMZELX Navigate Nurse Navigator will call** within a few days to update you on your prescription status, financial coverage, and other details about BIMZELX.*

*Nurse Navigators do not provide medical advice and will refer patients to their healthcare professional for any treatment-related questions.

STEP 2

ACCESS AND AFFORDABILITY

- Once your insurance approves coverage for BIMZELX, eligible patients may start receiving BIMZELX for **as little as \$5 per dose** through the BIMZELX Navigate Savings[†] program.
- If you have a delay or denial of coverage, you may be eligible to pay \$15 per dose of BIMZELX for up to 2 years or until your insurance plan approves coverage.[‡] Talk to your Nurse Navigator about how you may be able to save on your BIMZELX treatment.
- For more details on these programs and other financial assistance options, please contact a Nurse Navigator at 1-833-931-6877.

[†]Eligible, commercially insured patients with approved coverage may pay as little as \$5 per dose. Please see full eligibility requirements and terms at [BIMZELX.com/Patient-Support/Navigate-Benefits](https://bimzelx.com/Patient-Support/Navigate-Benefits).

[‡]For eligible, commercially insured patients only. Eligible patients whose insurance coverage is delayed or denied may receive BIMZELX for \$15 per dose for up to 2 years or until the patient's coverage is approved, whichever comes first. View complete eligibility requirements and terms at [BIMZELX.com/Patient-Support/Navigate-Benefits](https://bimzelx.com/Patient-Support/Navigate-Benefits).

STEP 3

SPECIALTY PHARMACY COORDINATION

- After receiving your prescription, the **Specialty Pharmacy will contact you** to confirm details and discuss out-of-pocket costs.
- Specialty medications often require special handling. The **pharmacy will arrange delivery** to your home or a convenient location.

STEP 4

EDUCATION AND SUPPORT

- Before starting treatment, your doctor's office, Specialty Pharmacy, or Nurse Navigator may provide **educational materials** or call to ensure you understand how to use the medication and what to expect.

For any additional questions you may have about your BIMZELX prescription or receiving your treatment, **please contact a Nurse Navigator at 1-833-931-6877, 8am-8pm ET, Monday-Friday**. They are here to support you throughout this process.
